

Laser Hair Removal

Everyone can make unwanted facial and body hair a thing of the past. Our Cynosure® Apogee Elite Laser reduces unwanted hair and minimizes ingrown hairs or “shaving bumps”. Our laser therapy is safe and effective for all skin types- from light to dark. Coarse, dark hair responds best to treatment.

During laser treatments, energy is absorbed by the pigment in the hair shafts and transferred to the hair follicles damaging their ability to grow hair. Not all hair follicles are active at the same time, so most areas require a minimum of 6 treatments for the best results.

It is recommended to shave before treatments.

	1 Treatment	10% Discount PKG: 3 Treatments	15% Discount PKG: 6 Treatments
